The cost of these articles of furniture in the South Kanara District is noted against each.

2. The Assistant Director states that the local rates are considerably cheaper when compared to the prices fixed for similar jail-made articles and also that there is saving in transport charges. These schools are not situated near the railway station and therefore the cost of transport, if supplied from the jail would be very high.

3. In the circumstances I request that you will be good enough to obtain the sanction of Government for the local purchase of the furniture.

I have the honour to be,
Sir,
Your most obedient servant,

Lej. S. S. S.
for Director of Fisheries.

Reference - Development Memorandum No. 1220-IV/30-1 dated 28th October 1930.

I enclose a statement comparing the price of Jail made articles with those locally made. In view of the great disparity in the price, the high cost of transport and the fact that the jail made articles are inferior in quality to locally made ones, the Assistant Director of Fisheries (Coast) reports that he did not consult the Jail.

I have the honour to be,
Sir,

The DF. requests the sanction of Govt ^{to} for the purchase of certain articles of furniture required urgently for Kamp, Kinnangestwar and Newunda schools. He however states that he has not consulted the Tail dept ^{in regard to} ~~as to~~ the supply of these articles. Attention is solicited to para 3 of Gov. 3828 Law - (General) D 3-10-29. in which it has been laid down that all Govt depts. should purchase standardised articles required for their use from the Tail dept. and that the Heads of depts. should intimate their requirements to that dept. sufficiently early to enable that dept. to make supplies in time. It is

however submitted that in view of the urgency of the case, sanction may perhaps be accorded and the D.F. informed that ^{when} ~~before~~ applying for sanction of Govt he should state whether he intimated his requirements to the Jail Dept sufficiently in advance, and whether that dept pleaded inability ^{to} supply of the articles in time. 2/ a draft order is submitted for approval it may be sent to Law Dept for acceptance

jail department which supply can be made is the Central Jail Commission. The prices at Commission are doubtless the prices for the articles can be readily supplied. The law dept. charges for the cost of the articles. The prices in question are extra & are not to be paid for. The D.F. may be permitted to buy the furniture for this case. 6131

A.S.

The Director of ~~the~~ Fisheries proposes to purchase certain articles of furniture for the use of the schools at Kaup, Kirimanjeswar and Navunda in the South Kanara district. Most of the articles have been standardised. Para. 3 of ²G.O.No.3828 L.G., dated the 3-10-29, specifically says that in no case should standardised articles of furniture be purchased from outside the Jail Department. In the present case no reference at all was made to the jail authorities in the matter. The Director has compared the prices of jail made articles with those locally made and, "in view of the great disparity in the price, the high cost of transport and the fact that the jail made articles are inferior in quality to the locally made articles", he proposes to obtain his requirements locally from a private firm. The Development Department supports the proposal. It is not known how the Director of Fisheries has come to know that the jail made articles are inferior to those which he proposes to obtain from the private firm. The prices of standardised articles have been so fixed as not to exceed the local market rates for articles of similar quality at the place of manufacture. It cannot be said with any certainty that the articles of the private firm are superior to those made in jails. Private firms may, for the sake of capturing orders, quote cheaper rates for articles, which may not in any way ^{be} superior in quality ~~than those~~ to those made in jails. It is submitted that there seems to be no reason why private firms should be preferred to jails in the matter of price and quality.

The only point in favour of the proposal is that heavy charges will have to be incurred in transporting the articles from the Central Jail, ~~Bombay~~ ^{Ganavara} to the villages in question in the South Kanara district. It is not stated what the transport charges would be.

No enquiry seems to have been made on this point.

Under ~~par~~ sub-para. 3 of G.O.No.3828 L.G., dated the 3-10-29 "heads of departments may bring to the notice of the Government any case in which experience shows that the addition of transport charges imposes an excessive charge on the indenting department". It is submitted that in the present case, as the transport charges are likely to be high, the proposal may be sanctioned, the Director being informed that sanction

has been accorded as a special case and for the reason referred to above. The Development Dept. may be requested to amend the draft suitably.
